Student Record of Volunteer Hours 2022 -2023

Community service is a key component of the Topeka Collegiate Middle School experience. Service learning supports the overall mission of our school by showing a commitment to humanitarian ideals. They are an excellent opportunity for students to explore their roles as active and productive citizens of their school, city, country, and world.

All students are able to serve the local community during the school day three times a year. In addition, we encourage students to initiate their own personal community service involvement. Although any such involvement is voluntary, we would like to acknowledge those who do volunteer. Students with at least 5 hours of community service, outside of the school, during the school year, will be recognized at the awards assembly at the end of the year. Students with 50-100 hours during the school year will receive a Service Learning Silver Award, and students with over 100 hours during the school year will receive a Service Learning Gold Award.

Please complete this form and return to the office no later than April 21, 2023. The range of hours is June 1, 2022 to April 20, 2023.

Volunteer hours are defined as non-paid service, outside of the student's family, for the betterment of a person, organization, church, or community. Community Service during the school day is not to be recorded on this form.
