Searching for an extraordinary middle school experience?

Thanks to generous benefactors, Topeka Collegiate School is offering both **merit-based and need-based scholarships** to new students entering sixth or seventh grade.

Scholarships range from partial (half) tuition to full tuition, for a three-year middle school education for the right candidates - bright students eager to learn and willing to work hard. Criteria for the scholarships include: grades, test scores, assessment, recommendations and interviews.

Topeka Collegiate Middle School produces graduates who are well-prepared for high school, and well on their way to lifelong learning. Over the past three years, more than 70% of our alumni graduating from high school earned college scholarships.

If you know of a fifth or sixth grader who would benefit from small classes, outstanding teachers, and a proven record of academic success, please contact Admissions Director Paula Huff at 228-0490 x 106 or phuff@topekacollegiate.org to schedule a visit.

Application Deadline: March 1
