Searching for an extraordinary educational experience?

Thanks to generous benefactors, Topeka Collegiate is offering **merit-based scholarships** to new students entering sixth grade in the fall of 2018.

The scholarships cover full or partial tuition for bright students eager to learn and willing to work hard. Criteria for the scholarships include: grades, test scores, assessment, recommendations and interviews.

Topeka Collegiate produces graduates who are well-prepared for high school, and well on their way to lifelong learning. Over the past three years, more than 70% of our alumni graduating from high school earned college scholarships.

If you know of a fifth grader who would benefit from small classes, outstanding teachers, and a proven record of academic success, please **contact Admissions Director Paula Huff** at 228-0490 or phuff@topekacollegiate.org to schedule a visit.

Application Deadline: March 2, 2018
