

JOIN US FOR VISITATION DAY!

OCTOBER 21, 2021 & FEBRUARY 23, 2022

We invite students to visit our campus to experience firsthand how Topeka Collegiate both challenges and inspires students to discover their **Limitless. Learning. Potential.**

Each guest will be paired with a current student who will guide them through a typical day full of fun and learning! The length of this visit can be adjusted based on your child's age and availability.

A typical visit includes:

- **Prekindergarten & Kindergarten:** two hours on campus, in the classroom, at recess and/or attending one resource class (science, art, music, physical education, or Spanish)
- **First & Second Grade:** half-day of shadowing a student on campus, participating in the classroom, attending resource classes, recess, and interacting with peers.
- **Third through Eighth Grade:** full-day of shadowing a student on campus, participating in the classroom, attending resource classes, recess, and interacting with peers. Lunch included.

If these dates are not convenient for you, we will do our best to schedule a day that fits your schedule! Guests must pre-register, submit a Visitor's Health Form and follow our Eagles360 precautions. Contact the Admissions Office to learn more (information below)!
