

Math Olympiad #3

The Math Olympiad is a math contest given once a month to students in 4th, 5th, and 6th grade - November through March. There are 5 questions on each test, or contest, for a total of 25 questions. The third Olympiad was given Tuesday, January 10th. We recognize any student who received a score of 3, 4, or a 5. In the 4th grade we recognize students who received a 2, because they are taking the same test as the 5th and 6th graders.

Students receiving a 2

4th Grade: Charlotte
Remi
Sanvi
Toby
Mason

Students receiving a 3

6th Grade: Siddharth
Drake
Tucker

Students receiving a 4

5th Grade: Falon
Mina
6th Grade: Owen
Sofia
Violet

Students receiving a 5

6th Grade: Kareem
