Parent or Guardian Consent

To be eligible for participation in interscholastic athletics/spirit groups, a student must have on file with the superintendent or principal, a signed statement by a physician, chiropractor, physician's assistant who has been authorized to perform the examination by a Kansas licensed supervising physician or an advanced practice registered nurse who has been authorized to perform this examination by a Kansas licensed supervising physician, certifying the student has passed an adequate physical examination and is physically fit to participate (See KSHSAA Handbook, Rule 7). A complete history and physical examination must be performed annually before a student participates in KSHSAA interscholastic athletics/cheerleading.

I do not know of any existing physical or any additional health reasons that would preclude participation in activities. I certify that the answers to the questions in the HISTORY part of the Preparticipation Physical Examination (PPE), are true and accurate. I approve participation in activities. I hereby authorize release to the KSHSAA, school nurse, certified athletic trainer (whether employee or independent contractor of the school), school administrators, coach and medical provider of information contained in this document. Upon written request, I may receive a copy of this document for my own personal health care records.

I acknowledge that there are risks of participating, including the possibility of catastrophic injury. I hereby give my consent for the above student to compete in KSHSAA approved activities, and to accompany school representatives on school trips and receive emergency medical treatment when necessary. It is understood that neither the KSHSAA nor the school assumes any responsibility in case of accident. The undersigned agrees to be responsible for the safe return of all equipment issued by the school to the student.

Signature of parent/guardian _____ Date _____

The parties to this document agree that an electronic signature is intended to make this writing effective and binding and to have the same force and effect as the use of a manual signature.

Athletic Eligibility Policy

Topeka Collegiate maintains that academics are a priority when a student chooses to participate in sports at the middle school level. Athletics at Topeka Collegiate are a privilege and students are required to maintain a good academic standing to participate. Students must be academically eligible to compete for the school. Any student who receives one subject grade of F or two grades of D in any week, will be ruled ineligible for that week. Grades will be checked each week on Monday afternoon during the season. If a student has one F or two D's, that student will be ineligible to play in any games or practices during that week or over the weekend. If a student is deemed ineligible, the student, parent, and coach will receive email confirmation of this. Often times, coaches still expect ineligible athletes to attend and watch practices for that week, but this will be at the discretion of both the coach and parent. Students can become eligible to participate during the following week if grades are in alignment with policy requirements.

If there are any discrepancies with grades, the Athletic Director should be emailed immediately in order to ensure that the student is not deemed ineligible for the week.
